Newport, Rhode Island

DCJ

One of the great playgrounds of the early 1900s for the super rich has evolved into one of the finest year-round playgrounds for everyone within reach of Newport, Rhode Island. Our cover is a stop at "Castle Hill", a sheer cliff on the west side of the island along the road that faces Jamestown across Narragansett Bay. After Fort Adams, the immense stone guardian of the inner harbor of the city of Newport, the drive opens to the view of Jamestown and Narragansett and climbs in rapid rise to the cliff top of Castle Hill. This point furnishes a sweeping view up and down the rocky coast. At your feet is the drop on the cover occupied in our photo by scuba divers who are testing their skill in some crashing surf. As you stand on the cliff face there is a cleft that has been hollowed out by the water thundering in to make a cave beneath your feet. This cave pulses with the rush and thunder of the surf on a lively day as the water fills the cave and falls back. On each side are tiers of high rock to climb and to sit and loaf upon amid this splendor of a view. Certain angles in the sun burnish the wet rock with a sheen-like polished silver, other angles make the slate-like stone turn dark into pewter color washed by the foam-topped ultramarine water. From this high point you can inspect the coast 'til it curves toward the open water where so many America's Cup contests have been waged and you notice that the cliffs gradually diminish in height as they wind toward the sea. At points along this coast, at

the same period of time, you can have high surf, quiet tidal pools and the absolute still of protected pools. The great Rhode Island Park system provides ample parking for pausing to take in this varied beauty and large acreage is set aside for recreation use. This is not only the greatest territory for lovers of the surf, it is also a wonderful site for kite flyers. In the park that was once a grounds for a private estate, hundreds of kites filled the air on this particular Sunday. These were no ordinary flyers but serious artists of the craft. There were flying geese, parachutes,

EMERALD

THE MAY BIRTHSTONE

The Emerald is a variety of the mineral Beryl. It is distinguished from other Beryl by its color, which should be a green with more blue than yellow tones. One of the interesting things about the Emerald is that, unlike many other precious stones, it appears the same color in artificial light as in sunlight.

Value in Emeralds is determined by color, by flawlessness and by size; large flawless Emeralds are so rare and valuable as to be seldom seen even in a jewelry store. However, those of moderate size, with slight inclusions, still possess all the beauty of color that is the Emerald's principal lure.

The chief sources of Emeralds are Columbia and Rhodesia (Sandawana). Minor sources are India, Brazil and Russia. Currently, by far the best mines in both quantity and quality are those in Columbia.

Medieval people believed that in the Emerald's clear depths could be found the key to happiness and domestic bliss. For a woman, the Emerald was thought to bring safety in childbirth. In the Gem lore of biblical times the Emerald symbolized Kindness.

strange dragons and bat-type kites of every shape. On the rocky shore families climb, sit, picnic, fish or just drink in this feast for the eyes. This Newport island has coast that excites. It is larger than life and attracts people like a magnet. It is has enough sweep so a thousand people can find a private niche on a cliff, a solitary spot on a beach or a space in the wind for a kite. This is one of the spices of life for those fortunate enough to live close to the sea, and people come by the hundreds to seek out and enjoy its wondrous feast.

Selectmen's Meeting

APRIL 22, 1986 - by VIRGINIA ARRAL
ONE STREET RECOMMENDED-TWO NOT RECOMMENDED

Two developers, seeking to have their street layout plans recommended for the May 5th annual town meeting, presented the plans to Selectmen last Tuesday for their recommendation. Driscoll Lane will be recommended; Pinewood Way and Stoney Hill Road will not be recommended.

James A. Bungert, developer of Pinewood Way and Stoney Hill Road, was denied Selectmen's recommendation based on the lack of proper drainage in the area.

Selectmen Chairman John DeCosta displayed photos taken of the roads which showed potholes, large puddles of water and improper drainage of that water. Also, DeCosta said Highway Surveyor Manuel R. Nunes filed a report saying he did not recommend town approval of the roads because of the drainage.

About 20 residents of the two roads were present at the meeting. Mark Kaner of 5 Pinewood Way spoke on behalf of the acceptance of the roads, as did several other residents.

Bungert claimed he followed the requirements as submitted to him for the road by the town. Now, he said, he is told there is not enough drainage. Selectmen recommended that Bungert get together with the Highway Surveyor to see what can be done to improve the roads. Bungert agreed.

Bruce E. Rocha, developer of Driscoll Lane, had his plans accepted for recommendation with no problems. There were two Driscoll Lane residents present, in addition to Rocha and Bruce E. Rocha, Jr.

Rocha, Sr. commented, "I made a commitment to the town on the road in 1968 and have complied with all regulations - it is now a first-class road."

In other business, Selectmen:

cuss the landfill/dumping problems the town of Acushnet will soon be facing. A previously scheduled meeting planned by the Fairhaven Selectmen for May 5th is Mattapoisett's town meeting night, and had to be rescheduled for a later date.

A copy of a letter sent to the Acushnet Selectmen from Mattapoisett's Board of Health informed that they will gladly meet with them on the subject of the landfill/dumping problems and to be of any help they can.

RECEIVED A LETTER of complaint from Peter F. Coville on the Antone Souza property on Acushnet Road and a letter from Building Inspector David Crook explaining what action he can take and what further action Coville can take, if he feels it necessary.

Coville of 2 Long Plain Road originally wrote to the Selectmen and the Building Inspector in January on the unsightly condition of the Souza property which contains abandoned vehicles, collapsed buildings and, in his opinion, a health hazard.

Again, on April 16th Coville cited health and safety issues as well as legal implications regarding the abandoned vehicles, buildings and debris. "As of now nothing has changed except my frustration, it has increased," wrote Coville.

Coville is particularly distressed by the option given Antone Souza by the Soil Conservation Commission to request yet another hearing to allow soil removal without any concrete plans for building, home construction, or any other residential purpose.

The building inspector replied to Coville apologizing for failing to advise him of the agreement entered into with Mr. Souza. First, it is apparent that the Soil Conservation Board's permit has expired. According to the extension dated December 2, 1985, a new hearing will be required before any work authorized under the original permit of October 15, 1984 can be performed.

Secondly, Crook said he spoke with Souza in January and agreed that as soon as good weather came he would begin putting things in order on his property.

Crook wrote that within the next several days he will once again inspect the premises. "There are two areas that I have some jurisdiction: 1. If the structures are unsafe, I can order them to either be made safe and secure or removed. 2. Storage of abandoned vehicles in the open is controlled by a special permit from the Board of Appeals or a permit from the Selectmen, depending on the number of vehicles." However, Crook informed Coville that should he feel that there are health hazards existing on the premises to direct that issue directly to the Board of Health.

ROCHESTER LIONS CLUB

Since 1915 Lions Clubs around the world have focused on service to the visually impaired, when Helen Keller challenged the Lions to be her "Knights of the Blind".

The Rochester Lions Club, since their Charter Day in 1966, has made aid to the blind a major program of the club by running fund-raisers such as pancake breakfasts, selling light bulbs to provide eye glasses for the needy and donations to the Massachusetts Lions Eye Research Fund.

In keeping with this challenge, to aid the sight impaired the Rochester Lions Club is sponsoring its 4th annual "Journey

Rochester Lions Club President Roland Grenier said that once again the net proceeds, after expenses, will be divided fifty/fifty with the leagues. This Bike-a-Thon program has been a source of the major funds to the leagues. President Grenier asks that when a youngster stops by your home, make as large a pledge as is comfortable for you. The Town of Rochester provides no Recreational Funds for the youth of Rochester. Various youth groups must raise their own funds.

The Rochester Lions Club share of proceeds will go to "Eye Research Journey for Sight" program. Last year the Lions and Lioness of Massachusetts contributed over $500,000.00 in grants for research teams in our hospitals within the state. Tremendous strides in vision problems have been made in the past few years. Funds raised and contributed by the Lions Clubs are given as grants and provide the "seed" money for new projects or new ideas to find causes of blindness. Announcement of an artificial lens in the near future may be possible through Lions Clubs'

NEW LISTING

This 7 room Gambrel could easily be featured in the pages of Colonial Homes magazine. Less than a year old and built by a well-known builder, the quality and perfection are apparent.

Williamsburg colors, fireplaced living room, dining room with atrium-style doors to the porch, custom kitchen with wood beams, 3 bedrooms and 2 1/2 baths are features.

The family room is outstanding with cathedral ceiling, skylights and a hot tub! Wood floors throughout and beautifully finished woodwork give this home a warm and inviting charm.

Nestled among the pines on a secluded lot, there is privacy without isolation, in an area of new homes.

How do you dispose of your household hazardous waste?

Products such as nail polish remover, oven cleaner, mothballs, paint, rust remover, old medicine, flea collars, bug sprays, batteries, "no pest" strips, anti-freeze, floor wax, drain cleaner, and car wax are examples of hazardous waste. These are just some of the products that are hazardous, and when disposed of improperly by putting them in the trash or down the drain or toilet, can contaminate groundwater, which is the source for most of our drinking water. Please help us reach our goal of $1,762.97 by sending a check made payable to: Treasurer, Mattapoisett Household Hazardous Waste Disposal Committee, and mail in care of the Board of Health, Town Hall, Mattapoisett, MA. 02739.

term investment in the town. There has been a projected need for new apparatus for over 8 years and for that period of time the planning and procurement has been put off because of other financial necessities within the town. It has now reached a critical stage. Age and use have taken their toll on the equipment. Engine One is 32 years old, many parts are unavailable, companies that specialize in rebuilding fire equipment won't consider its overhaul, and its performance on a day-to-day basis is unpredictable and unreliable. Engine Two is 22 years old, is suffering from severe frame and body rot and in excess of $50,000 would be required to extend its life another 5 years, not a sound financial investment. Due to financial constraints on the budget we are only pursuing the replacement of Engine One at this time.

Mattapoisett's tax base has grown significantly. Your fire department is responsible for protecting the structures and personal property associated with that base. Manpower alone cannot perform that service. Reliable equipment to safely transport firefighters to the scene and provide the necessary water and pumping capabilities to extinguish fires is a must. Without that we cannot adequately do the job.

The proposed procurement of a new piece of apparatus has been investigated thoroughly. A lease-purchase spread over 5 years has been selected as the most appropriate means of obtaining a new engine while minimizing the impact on your tax rate and other town budgets. Although firm prices won't be in until just before town meeting, it is estimated that the cost will be approximately $38,000 per year. This amount should not seriously impact or jeopardize other town programs and services. This is an important and much needed investment for the Town of Mattapoisett. Please give it your careful consideration.

MATTAPOISETT REZONING

We'd like to thank Bill Mansfield for thoughtfully considering the needs and concerns of the people on the Ned's Point side of town in his recent letter to the Presto. We know that his past proposals for the construction of a marina at Molly's Cove couldn't possibly be motivated by personal gain, but, by his concern for the welfare of his neighbors and the people of Mattapoisett.

Let's consider the features and benefits a marina at Molly's Cove will provide our town:

a quiet country road to a highway.

2.) Boats on marina moorings would fill those ugly open spaces in the harbor allowing us to "be at one" with neighboring harbors.

3.) Marina pollution would get rid of those disgusting shellfish that innundate our shores.

4.) Marina service on the calm side of the harbor would encourage visits from all our friends in Newport, Buzzards Bay, the Cape & Islands, Boston, New York, Libya, etc.

5.) Our marina boating guests would provide company for all the animals that live in the adjacent saltmarsh.

6.) When the next hurricane strikes we can have even more fun than we had with hurricane Gloria. What a pleasant relaxing time we'll have at the town wharf waiting in line while the extra boats are being hauled out.

Let's focus in on Reality. A marina at Molly's Cove would be CATASTROPHIC to the residents of Mattapoisett on all sides of the harbor. It would not benefit residents on the town side by decreasing marina activity or traffic congestion; it would only increase marine activity and traffic congestion all over town. It would not benefit residents who shellfish; it would cause more shellfish beds to be closed due to increased pollution. It would not benefit residents who appreciate the beauty of the harbor and the adjacent salt marsh; it would create a polluted crowded harbor.

Who would a marina at Molly's Cove benefit? A much more important question is who will it harm? We believe it would harm all the residents of Mattapoisett. Please take one night to keep Mattapoisett special. We urge all those who share our concerns for the preservation of the harbor and land of Mattapoisett to go to the town meeting on May 5th and vote yes for Article #37.

Mattapoisett Land Trust

PROTECTING OUR RIVER

In the March 9 Presto Press, we looked at our three coastal marsh properties and the importance of protecting our waterfront resources. The Mattapoisett River is a similar environment facing the pressures of development in our town, and the Land Trust holds four properties which lie on the river. We feel that the river must be monitored and protected because it is a key water resource for Mattapoisett. It also flows in the harbor, so pollutants which percolate into the river can find their way into the ocean and our waterfront.

Our Rochester property introduced in the February 26 Presto Press is the first of these four holdings. This 80-acre area is significant in being the point where the Mattapoisett River enters the town, covering ½ mile of riverfront.

The second property is 1/3 acre where Acushnet Road crosses the river. This

In total, the Mattapoisett Land Trust holds over 100 acres of land in the Mattapoisett River Valley, which may well be the town's most valuable and most threatened resource. We seek to protect this property out of concern for our river and water supply in the face of rapid development.

We would like to invite the citizens of Mattapoisett to come learn more about the Mattapoisett Land Trust at our Annual Meeting to be held Thursday, May 15, at the Parish Hall of the Congregational Church. Our guest speaker will be Dr. Alan Hankin, Director of the Lloyd Center for Environmental Studies in South Dartmouth. Dr. Hankin will speak about our saltmarshes and coastline, another important and threatened resource.

FREEDOM IS GOOD FOR YOUR HEALTH

Freedom is good for your health because among your rights is the freedom to select the doctor of your choice. And that brings up the quality of health services you get. Nobody dictates who shall treat your body; that should be your personal decision

To herald the importance of freedom of choice, cooperating doctors of chiropractic throughout the U.S. are contributing to the treatment of a lady who represents American freedom. She is our renowned Statue of Liberty. For every patient visit, $1.00 will be contributed by our clinic in the patient's name for the repair of this monument of freedom.

The featured artists are Ann Craven and Rick Skinner.

Mr. Skinner is a resident of Marion who studied art at Antioch College in Ohio. It was nearly a decade later when Rick returned to painting with serious dedication, experimenting in many media. Recently, he spent six months in France experiencing the influences of the Impressionists and Fauves that form a basis for his style. Mr. Skinner states that he is "still involved back there somewhere at the turn of the century before the quantum leap into abstraction". His subjects are human forms painted in a realistic style in oil on canvas.

Ann Craven describes herself as a "contemporary realist". She studied with George Nick at Massachusetts College of Art and with Bill Dailey at Philadelphia College of Art. She is currently teaching painting at Walnut Hill School for the Arts in Natick. Her subjects include still life and urban landscapes, but her favorite paintings are of people. Her energetic paint quality conveys excitement and enthusiasm in dealing with traditional subject matter. Many of her recent life size portraits will be included in the show.

Gallery hours are Tuesday through Friday 1 to 5 p.m., and Saturdays 10 a.m. to 2 p.m. There is no admission charge.

Mrs. Marjorie Potter Dies

Marjorie (Williams) Potter, 74, of Fairhaven died Sunday, April 20th, after a brief illness. She died at St. Luke's Hospital, New Bedford. She was the wife of William H. Potter and daughter of the late Frank B. and Mary (Horton) Williams. Born in Fall River, she lived in New Bedford for 30 years and the last 20 years in Fairhaven. She had summered in Mattapoisett for many years.

She was a member of the First Congregational Church of Fairhaven. She was past president of the Ladies Branch of the New Bedford Port Society, past president of the New Bedford Day Nursery and co-chairman of Selected Seconds of the First Congregational Church in Fairhaven.

She was a former Girl Scout leader in Fall River and former Den Mother for Cub Scouts of the Unitarian Church, New Bedford.

She was a member of the Fairhaven Improvement Association, the Fairhaven Historical Society and the Fairhaven Historical Commission. She was also a past president of the Colonial Club of Fairhaven.

His parents waited at the finish line.

In 1985 John completed the course in 4:08. His goal was to better his time this year. On the morning of the race John found himself without a ride to Hopkinton. He hitchhiked and walked eight miles before reaching the start of the race. He completed the race in 3:59.

While a student at Old Rochester, John was a member of the Cross Country and Basketball teams.

JEAN-PIERRE RAMPAL, ONE OF FOUR CONCERTS ANNOUNCED AS PART OF THE 1986-87 GREATER NEW BEDFORD CONCERT SERIES

The Zeiterion Theatre, in conjunction with the Greater New Bedford Concert Series Board of Directors and the American Telephone and Telegraph Company (AT&T), announce the 1986-87 AT&T Greater New Bedford Concert Series. Now in its 56th season, this classical music series of four concerts will be enjoying its second under the generous sponsorship of AT&T.

World renowned flutist Jean-Pierre Rampal heads an outstanding line-up of classical artists who will be performing in the Zeiterion's 1267 seat theatre. Rampal's appearance on Saturday, March 7th, 1987 will be preceded by the Helsinki Philharmonic Orchestra on Wednesday, October 15th, 1986 and The Boston Chamber Music Society on Saturday, January 17th, 1987. American cellist Nathaniel Rosen concludes the concert series on Saturday, May 2nd, 1987. All concerts begin at 8 p.m.

"The father figure of the current flute boom, and the man who can legitimately lay claim to having started it all, is Jean-

Pierre Rampal", wrote the New York Times of this consummate artist. Rampal is acknowledged internationally as one of the great virtuosos of all time. He has single-handedly wrought a worldwide renaissance of flute playing, not only by shedding a vibrant new light on familiar music, but also through the revival of many long-forgotten works and his flute adaptations of music written originally for other instruments.

The Helsinki Philharmonic Orchestra, under the leadership of Music Director Okku Kamu, will be appearing at the Zeiterion as part of its third tour of the United States. Founded in 1882, the last decade has marked a period of extensive growth for the orchestra. Since settling into the new Finlandia Hall in 1971, the orchestra's concert program has branched out into three series embracing some 70 concerts per year, in addition to festivals and foreign concert tours. The orchestra has enjoyed a unique reputation as the first performer of several works by Sibelius; the composer himself conducted the premieres of these works.

Rapidly emerging as the pre-eminent chamber ensemble in New England, The Boston Chamber Music Society has as its members twelve of Boston's most prominent young virtuoso instrumentalists. The Society's program at the Zeiterion will feature five of these musicians performing chamber music masterpieces of the 18th, 19th and 20th centuries.

Cellist Nathaniel Rosen gained instant recognition in America in 1977 when he became the first cellist to win the prestigious Walter W. Naumburg Competition and global recognition in 1978 when he became the first American since Van Cliburn (1958) to win the Tchaikovsky International Competition's Gold Medal in Moscow. Rosen's career includes two seasons as principal cellist of the Pittsburgh Symphony, and principal cellist for the Los Angeles Chamber Orchestra.

A pre-season subscription campaign is now underway. A regular subscription to the series is a 20% savings. However, by subscribing on or before June 1, 1986, subscribers will receive an additional 10% discount for a full 30% savings. Pre-season subscription prices range from $36.00 to $47.00. Tobey Hospital

"STOP SMOKING CLINIC"

On May 28th a free introductory session to the "STOP SMOKING CLINIC" will be offered at the Wareham Town Hall at 7:00 p.m. Tobey Hospital is sponsoring the program which will be available on an ongoing basis. This first, free, no obligation session will be an informative one-hour overview of the program.

The STOP SMOKING CLINIC is a non-profit community service which helps people succeed in quitting smoking permanently. This program is offered and endorsed by over thirty-five hospitals in New England, and is now being offered locally by Tobey Hospital.

The month-long program will meet twice weekly at the Hospital on Sundays and Wednesdays in June. The program uses group and individualized methods to help each participant overcome his or her smoking habit.

Unique in many ways, the program has a proven success rate which is DOUBLE that of other programs. One feature of the program offers a "HELPLINE" to each participant and graduate, providing constant support for their new smoke-free life.

You can learn how to STOP SMOKING by attending the FREE introductory session.

serious birder alike. Together they will fan out from Massachusetts Audubon sanctuaries across the state in search of record numbers of bird species. Birding efforts are sponsored by individuals who pledge money for each species recorded, helping to raise money for sanctuary environmental programs.

On this big day of bird-watching during the height of spring migration, participants will cover as many habitats as possible from barrier beaches and saltmarshes to fields and forests. Promptly at 6 p.m. Friday evening birders will begin stalking nocturnal bird life, listening for the distinctive calls of certain owl species including the great horned, screech, and barred owl, as well as nighthawks patrolling the evening skies. By daybreak, observers will tally representatives in the dawn chorus such as warblers, sparrows, finches and chickadees. Throughout the remainder of the day, Bird-A-Thon participants, bearing binoculars and telescopes, will spot several species of herons, grouse, swallows, woodpeckers, hawks, and many other northeastern breeding and migrant birds.

Tom Carrolan, Director of Sanctuary Programs, stated, "We are currently in spring training, gearing up for Bird-A-Thon '86. Everyone is welcome to join us for this exciting day outdoors supporting programs at your local sanctuary. We look forward to a record number of participants and recorded species across the entire state of Massachusetts."

Success depends on factors such as level of birding expertise, powers of observation, and a certain degree of luck. There will be a wrap-up session on Saturday evening at the Broadmoor Nature Center in South Natick to compare sanctuary team results and award the superior efforts of special Bird-A-Thon par-

ticipants. The William Brewster Cup, honoring the first president of Massachusetts Audubon, is awarded to the sanctuary with the highest number of species recorded. Last year the Stony Brook Sanctuary in Norfolk recieved the Brewster Cup for a tally of 192 species. In addition to certificates for all participants, awards will recognize the youngest and oldest birder, the rarest bird, and the most money raised by one sanctuary.

All are welcome to join a birding team through a local Massachusetts Audubon sanctuary and to gather pledges from friends and neighbors. Armchair birders are encouraged to sponsor sanctuary teams by pledging from $.10 to $1.00 for each species recorded. The money raised will support the local conservation, education, and research efforts of Massachusetts Audubon.

The Harpoon Harmonizers are the New Bedford Chapter of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America (a non-profit organization). Proceeds will go to further development of the chapter and to support the institute of Logopedicts, an organization to aid children with speech impediments. "We sing that they shall speak."

The concert will co-feature music by "Take Four". Formed only 3 years ago they have become one of the most popular barbershop quartets in the area. All members of the group have been very active in their local barbershop chapter administration. With 3 past presidents and one division vice-president the group represents 125 years of dedication in the S.P.E.B.S.Q.A. This fine group of "good old boys" (as they refer to themselves) is committed NEVER to compete in barbershop concerts but rather to be ambassadors of barbershop harmony and concentrate on entertaining their audiences.

The concert will also include Spirit of '76, past district champions from Connecticut, Brockton Harmonizers, Cape Cod Chapter-Chorus and local quartets.

RED CROSS APPEALS FOR FUNDS

The Red Cross issued an appeal for funds to restore its shelter, food and clothing services to fire victims.

According to Carlos Pacheco, Red Cross Chairman, a large apartment house fire which left 15 people from three families homeless, nearly exhausted the annual fire victim fund.

"With three more months in the fiscal year, we have only a few hundred dollars remaining in the fund," Pacheco said. "The weekend fire cost us over 600 dollars in three days caring for the victims and providing them with groceries," he added.

The Red Cross is the non-profit agency which sends trained case-workers to the fire scene to counsel the victim and provide

Plymouth Philharmonic

VIOLINIST GUEST SOLOIST AT CONCERT

The Plymouth Philharmonic Orchestra closes its 1985-86 subscription series with a performance on Saturday, May 3rd, at 8 p.m. in Memorial Hall, Court Street, Plymouth.

Virtuoso violinist Alan Krizan is guest soloist.

The program will open with the United States premiere of the Overture to "Alzira", a work from an early opera by Giuseppe Verdi. Rudolf Schlegel, completing his 10th season at the orchestra's Music Director, describes the Overture as "upbeat and lyrical, a splendid opener for our final concert of the season".

Following the Overture, Krizan joins the Philharmonic for Paganini's Violin Concerto No. 1. Mr. Krizan is well suited to play this very difficult work. A recent graduate of the Juilliard School, he was concertmaster of and soloist with that institution's Chamber Orchestra. His teachers at Juilliard included the legendary pedagogues

Ivan Galamian and Dorothy DeLay. Krizan has performed at Carnegie Hall, the Kennedy Center, the Aspen Music Festival and with the Vermont Symphony Orchestra. He has also served as assistant concertmaster with the Vermont Symphony Orchestra and is now a full-time member of the Tulsa Philharmonic Orchestra.

The final selection of the evening will be Symphony No. 8 by Dvorak.

This concert is being partially underwritten by the Friends of the Philharmonic, the volunteer arm of the orchestra. The a 65-member group conducts fund-raising events and provides other services in support of the orchestra. Friends' projects this year have included a student user program, staffing of concession stands, selling flowers at concerts, co-sponsoring the symphony ball, and sponsoring the Irish raffle. This is the first time that the group has been able to specifically support one of the orchestra's performances.

Tickets for this performance are available at The Ruddy Duck in Duxbury, Notes & Quotes in Plymouth, The Snow Goose Shop in Plymouth, Don Ryan Music Company in Norwell, or by calling the Philharmonic office at 746-8008.

The Philharmonic's programs are also funded in part by the Massachusetts Council on the Arts and Humanities, a state agency, whose funds are recommended by the Governor and the legislature. Additional support of the 1985-86 season comes from the Arts Lottery Councils of Plymouth, Duxbury, Carver and Middleboro.

The Plymouth Philharmonic Orchestra will begin its 1986-87 season with a free outdoor Fourth of July Pops Concert on the Plymouth waterfront, sponsored by Jack Conway and Company.

Bristol-Plymouth Woodcarvers

OPEN HOUSE SCHEDULED

The Bristol-Plymouth Woodcarvers will hold their 4th annual Open House on Sunday, May 11th, from 12:00 noon to 4:00 p.m. at the Poirier Post, 128 Appleton Street, New Bedford.

There will be demonstrations and displays by local carvers, instructional video-tapes will be shown and dealers selling carving tools and supplies. A basic carving class for the public will be held from 1:00 to 2:00 and materials will be provided. A limited number of slots are available, so it will be done on a first come, first serve basis. A raffle will be held and refreshments will be available. Open to the public, admission is free.

Paskamansett Bird Club

WALKS SCHEDULED SATURDAY & SUNDAY

In anticipation of an influx of migratory birds this spring, two walks instead of one this weekend will bring area birders together under the aegis of Paskamansett Bird Club. Interested non-member birders will be welcome to attend and participate.

Hope and Ruth Atkinson, past presidents of the group, will head up a walk through Demarest Lloyd State Park, South Dartmouth on Saturday, May 3rd, starting at 8 a.m.; and at the same hour next day, Sunday, veteran birder Phyllis Regan will greet birders at the boat landing at Russells

Mills, South Dartmouth, before leading them on an exploratory tour of the local birding "hot spots".

Traditionally the first week in May is an exciting one for birders, for that is the special time when the early spring migrants overtake the lingering winter visitors. As many as 190 different species may be recorded during that time in Massachusetts. The combination of the varied habitats of the State Park and the environs of the landing affords birders a broad spectrum to view, including open expanses of salt water and shore, fresh and saltmarshes, swampy thickets, field edges and wooded areas.

Already early spring sightings of unusual birds are being reported. Among the more remarkable have been Blue-gray Gnatcatchers, sizable flocks of Cedar Waxwings, Northern Yellowthroats, and, most unusual, a male Rose-breasted Grosbeak and a male Indigo Bunting in the same yard together on several days.

Piping Plover, Turkey Vultures, Ospreys, Dunlin and Killdeer arrived on the scene locally several weeks ago; and only recently several reports of Common Ravens have stirred interest in watching for these unusual visitors. Speculation is that these may have been carried here by strong southerlies blowing up through the Appalachians

Article #37 at the Mattapoisett annual town meeting proposes that an area on the Mattapoisett Neck be rezoned. The area is presently zoned Marine Residence. We are proposing that it be changed to Waterfront Residence (W30). The only difference between these two classifications is that under the present (MR) zoning, there is a potential threat of the commercial development of inns, hotels and marinas with associated accessory services, if authorized by the Board of Appeals.

We feel that this amendment is in complete accordance with the intent of the zoning by-laws of the Town of Mattapoisett. The by-laws clearly state that their purpose should be to:

1. Lessen congestion in the streets.
2. Conserve health.
3. Prevent overcrowding of the land.
4. Avoid undue concentration of population.
5. Conserve the value of land and buildings, including conservation of natural resources and the prevention of blight and pollution of the environment.

We feel that the construction of inns, hotels and marinas in this residential area would be a detriment to achieving the zoning goals of our town.

A threat to construct a marina has already been proposed. The Board of Appeals denied granting a special permit to operate the marina because:

1. The proposed use would be more detrimental to the surrounding land and ocean area...with the likely impact of additional contamination to the water in general, the beach area and the fragile ecological system, especially as it relates to shellfishing use of the area.

2. A significant increase in traffic will occur and will result in congestion both on the Town ways providing access (Harbor Road and Mattapoisett Neck Road) as well as immediate access roads.

This is an extremely important issue and the outcome would drastically change the town as you now know it. Please take one night to keep Mattapoisett Special. We urge that all those who share our concerns for the preservation of the harbor and land of Mattapoisett go to the town meeting on May 5th and Vote Yes for Article #37. Concerned persons contact: Russell LaFrance (758-2663), Jane and Paul Zychowicz (758-9564), Phillip LaFrance (758-4563), Peter Trow (758-6020). Peter Trow, 18 Shore View Ave., Mattapoisett

Sunday, May 4th, at 2:00 p.m.

JABBERWOCKY will present "DOWN IN THE DUMPS", a theatre experience that takes a delightfully humorous look at aspects of our environment and our struggle against pollution.

Ann Shapiro and Lisa Hawley delight children of all ages through storytelling, comic vignettes, masks, music and humor, flamboyant soft sculpture props and cartoon scenery.

Acid rain, water and air pollution, toxic and nuclear waste are some of the legacies we are leaving our children. "DOWN IN THE DUMPS" explains how these problems occurred and what we can do to save the earth and solve some of these problems.

Jabberwocky has toured New England schools, libraries, and fairs and is a member of the Connecticut Commission on the Arts state touring program and Crackerbarrel Entertainments, a collective of educational entertainers.

You won't be down in the dumps after seeing Jabberwocky's latest show. The team's flamboyant style appeals to adults and children alike and balances the seriousness of this presentation's timely material.

Cost of this performance geared for grades 4 and up is $1.00 for members and $2.00 for non-members and includes Museum admission. Tickets may be reserved by calling the Museum at 993-3361.

COME TO THE FAIR!

The Children's Museum and the Brown University Society for Creative Anachronism (S.C.A) will be recreating the Middle Ages through costumes, dance, sword-fighting, demonstrations, tournaments, games, crafts, music and more on Saturday, May 3rd, from 1 to 5 p.m. Rain date for the Medieval Fair will be Saturday, May 10th, rain or shine.

The Medieval Fair is free with Museum admission and Museum admission is half price that day if you come dressed in Medieval costumes.

Visiting the Museum on Saturday, the day of the Medieval Fair, will be Claudia Silva, a spinner; Beth Hammond, a tapestry weaver; Gerald Vinci, a wood carver; and John Weinstein, a juggler.

Daleen Hall of Honeysuckle Farms will be here with Thunder, her horse, dressed as a Medieval charger.

Music for the day will be provided by Paul Croteau and Steve Lavalee. Members of the Brown University Society for Creative Anachronism will be teaching Medieval Dancing, conducting the Tournaments and the traditional rite of spring -- the Maypole.

A costume making booth will allow visitors to make their own costumes that day. They will also have the opportunity to have their pictures taken in the Medieval Castle.

The Children's Museum is located at 276 Gulf Road in South Dartmouth. Admission is $1.50 for adults and $1.00 for children. The Museum is open Tuesday - Saturday from 10 to 5 and Sundays from 1 to 5.

Get Cash 24 hours a day, 7 days a week at over 8,000 locations ...some more familiar than others

The only thing worse than being in a strange town is being in a strange town without any cash. Even credit cards don't help. They're just not practical when you need toothpaste, a roadside snack, taxi fare, some in-flight magazines, or a little extra cash for Junior when you drop him off at college.

That's why smart travelers carry the **NBIS X-Press *24*® CASH CARD.** It can be used at more than 600 **X-Press *24*** locations in Massachusetts and New Hampshire, and at more than 8,000 CIRRUS® locations in 2,900 cities and towns throughout North America — even places like Bullhead City and Rancho Cucamonga.

Even better, you can use your **NBIS X-Press *24* CASH CARD** at thousands of not-so-strange places — busy airports, popular vacation resorts, major business districts, shopping malls, hotels and universities. Further, you'll have the convenience of a toll-free number you can call anytime to find out where you get the cash you need — fast.

It's as good as pocket money, and it's easy to get. Call or stop in at any of NBIS's 11 convenient locations, and we'll tell you how. We'll make sure you don't get stuck in Winnemucca — or anywhere else.
